

A Culinary Experience

Join us for a *delicious* day!

Meet a local guide at New Stanton or Irwin Turnpike Interchange. Day to run approx 7 hours. Tour is written coming from west. Coming from another area schedule will be adjusted.

- Visit the Big Mac Museum, a regular McDonald's Restaurant but also a museum of McDonald's memorabilia. The Big Mac was invented in Uniontown by a franchise owner back in 1967. This store/museum is dedicated to Mr. Delagatti, that man! See a timeline, various collectibles from years gone by and the world's largest Big Mac!!! Great photo op!
- DeLallo's Italian Foods is an Italian Market that has stood the test of time-nearly 60 years! George and Madeline established DeLallo in 1954, and to this day, the heart of the beloved store carries the same founding principle; an unyielding passion for exploring and sharing good food with the community and beyond. Each tour guest receives a jar of DeLallo's own Spaghetti Sauce.
