

NOT ONE...NOT TWO...BUT THREE WRIGHT HOMES!!! TWO-DAY TOUR

DAY 1: mid to late morning meet your local guide at a location to be determined.

Lunch is included at a restaurant near Fallingwater.

Tour **Fallingwater**, the most famous of all Frank Lloyd Wright home designs, built over a waterfall. This masterpiece of architecture has been named one of “50 places of a lifetime” by National Geographic Traveler magazine.

Next you tour **Kentuck Knob**, the area’s second Wright home and described by many as one “I could live in!” While Fallingwater was built as a vacation/get-away home, Kentuck Knob was the year-round residence of the Hagan Family for over 20 years.

A welcome reception awaits at your hotel for the night, Gold-Award-Winning Comfort Inn at Somerset. Dinner this evening is a delicious smorgasbord at Oakhurst Tea Room featuring soups, salads, breads, several meats, vegetables, casseroles and dessert bar. (L/D) **OPTION** for dinner ~ Coal Miners’ Café with sit down dinner. Choose roast beef, stuffed chicken breast or spaghetti/meatball. **OPTION** for lodging ~ Hampton Inn Somerset

DAY 2: Breakfast included at hotel.

8:30-9:00 AM depart with guide. This morning you visit a couple of local shops, including a bakery and General Store featuring many old-time toys, candies, remedies and much more. Each tour member receives a bag of “nostalgia,” treats of days gone by.

And now, you visit the area’s third Wright designed home, The **Duncan House**. This home was built in Illinois in 1957 and reconstructed to its original state here at Polymath Park resort in 2007. The Duncan House is an example of Wright’s Usonian design. Enjoy a hot lunch at

Treetops Restaurant. Weather permitting you may choose to dine on the deck where you do feel as if you are “in the treetops.”
